## Introduction to the Teamwork Case Study

The case study revolves around a mid-sized software development company, TechSolutions Inc., which embarked on a critical project to develop a new customer relationship management (CRM) platform. The project was significant because it aimed to improve client engagement and streamline sales processes. The team assembled consisted of members from different departments, including developers, designers, marketing, and sales. However, as the project progressed, several challenges emerged, such as miscommunication, conflicting priorities, tight deadlines, and varying skill levels. The case study illustrates how these issues impacted team cohesion, project delivery, and overall success, providing a fertile ground for analysis.

## Background and Context

### Team Composition
