NESARA, or the National Economic Security and Reformation Act, is purportedly a sweeping legislative package designed to overhaul the U.S. economy and legal system. Allegedly introduced in the late 20th century, NESARA claims to address issues such as debt forgiveness, banking reforms, and restoring constitutional laws. While official government records do not acknowledge the existence of NESARA as an enacted law, it has gained traction through various conspiracy theory circles, alternative news outlets, and online communities.
