The portfolio is the core of the course, showcasing a student's development over time. It is typically built around a personal project that demonstrates exploration, experimentation, and refinement. Key features of the portfolio:

- Size and Format: Usually submitted as a collection of works on A3 or A2 sheets, including sketches, studies, experiments, and finished pieces.
- Content: Should cover various themes, techniques, and media, reflecting personal interests and ideas.
- Development Process: Emphasizes the journey from initial ideas to final outcomes, with evidence of planning, reflection, and critique.
- Number of Pieces: While no fixed number, a robust portfolio might contain 10-15 well-developed pieces.

Assessment criteria for the portfolio include:

- Development of ideas and themes
- Technical skills and craftsmanship

- Personal expression and originality
- Reflection and evaluation

Component 2: Externally Set Assignment (ESA)

This component involves a preparation period followed by a controlled test: - Preparation Period: Students select a theme from a set of options provided by the examining board. They then research, develop ideas, and produce preparatory work. - Examination Period: A 10-hour supervised session where students create a final piece inspired by their preparatory work. Key points: - The ESA tests students' ability to work independently and respond creatively under exam conditions. - The final piece should demonstrate technical proficiency and personal interpretation of the theme.
